FF15 GEAR PUMP

Suction
Hose from
Bulk Tank or
IBC

Delivery
Hose into
Feeder

New low cost and accurate method to
add Molasses into a Diet Feeder

FF SOLUTIONS LTD

With the growing use of Molasses as an important ingredient in Diet Feeders, we have developed the new FF15 Gear Pump to make this task simple and cost effective.

The Gear Pump is close coupled to a Electric or Hydraulic Motor. Pump Output is 0.5 Lit/ Rev giving an output of 0 - 300 Lit. per Minute, depending on the viscosity of the liquid.
