Delivering Solutions

8 GREAT REASONS TO USE MOLASSES

Ireland's No.1 supplier

1 Effective

Molasses stimulates rumen activity, improves appetite, increases forage and dry matter intake and enhances digestion.

2 Easy to Use

Molasses is free flowing all year round, easy to store, transport and dispense.

3 Palatable

Molasses is more attractive so that forage intake can be increased and economical. Unpalatable ingredients are masked and consumption of essential elements guaranteed.

4 Wholesome

Molasses - A natural by-product from the sugar industry, is long recognised as an energy source and conditioner for all animals.

5 Flexible

The molasses range has one to suit every system from complete diets to parlour feeding.

6 Dust Free

Molasses does away with parlour dust once and for all. Liquids in rations is a positive asset, minimising waste and improving health.

7 High Dry Matter

Molasses has a high dry matter of 73%, which makes it at least three times dryer than average grass silage. Adding Molasses to your silage clamp increases dry matter levels as well as promoting fermentation the natural way.

8 Concentrated Nutrition

Molasses high nutrient density leaves much more room for home grown forages, giving higher dry matter intakes and better performance. Molasses can increase total consumption rather than substituting for other ingredients.
